# Message

Dear Architect,

Wishing you a very happy & prosperous New Year.

The year 2020 has been a challenging year for all of us. While on the one hand we had to bear the loss of our beloved CMD, Shri Yadupati Singhania ji and on the other hand, the pandemic has put up new challenges to every individual. Let us hope the coming year will be more promising.

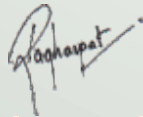

As the world is in the infrastructure development & creation mode, a new challenge has come up for the architect fraternity to create infrastructure which is safe for the future generations. The development has to take care of new challenges like Covid-19 which none of us could visualize until it actually started effecting the humanity. I am sure the architect community must already be thinking as to how to address such issues in the future creations. I am sure that your capabilities are much larger than the challenges ahead and that gives us assurance that the future is in safe hands.

Friends, from my side I want to assure you that JK AYA will continue and grow as it has during last 3 decades. With this assurance I am inviting you to participate in the 31<sup>st</sup> year of JK Architect of the Year awards in huge numbers and make the dream of late Shri Yadupati Singhania ji a reality.

That will be the most sincere homage to the departed soul.

With best wishes,

Yours faithfully,

(Raghavpat Singhania)
